How did you find us?:

Our members share a common interest in Wales and all things Welsh. Some are descended from Welsh men and women who migrated to the United States during the 18th and 19th centuries but whose heritage is still close to their hearts. Other members continue to have close links with Wales and a few are fluent in the Welsh language.

We are a forward thinking Society who enjoy socializing at the many events we hold throughout the year.

We welcome new members so please check out our website and subscribe to our free newsletter, or contact a Board Member to find out how you may become part of our ever-growing Welsh family.

“To be born Welsh is to be born privileged, not with a silver spoon in the mouth, but with a song in the blood and poetry in the heart.....”

As a Society, we are proud of the financial aid we give to students as part of our Scholarship Fund.

With our Memorial Fund we remember people dear to us who have passed, and we pay tribute to them at special events.

Money raised through contributions by members and friends of the Society help us support these Funds.

If you are interested in making a donation to either of these important funds, please contact us via:
